Correspondence:

Joe Goho wanted to know what the 44,500 consisted of in an email to Carl Brunetti. Carl explained that it was Athletic equipment for the High School. Joe Goho said thank you...

John Ward said the disclosure statement that he sent was incorrect and sent an updated statement and that there would be a slight increase in all but the car levy's Motor vehicles went down .66 as part of the phase out.

Carl sent an email to Nicole at the Breeze paper to let her know the comment that was made regarding us not waiting for The town solicitor was incorrect. He didn't get back to us timely and we did what we needed to with the ability to change as needed.

New Business:

Carl did not like the word decipher in the letter for the FTM. He felt it was adversarial.

The word was left in there since that is what we actually do. Bill changed the word according to that comment to recommend. There were additional grammatical changes District to Department for the school.

Bob Turner made a motion to add comment about the revenue from motor vehicles going down 1,232,779, due to the Auto Tax phase-out, \$1000. Reduced value and Tax Rate reduced from 30.66 to 30.00 requiring a tax rate increase in the other categories to cover this loss.

Carl replied the taxpayers would not notice anything other than the amount of the increase and to save the confusion thought we should not try to explain. If asked at the FTM then we could explain.

Bob Turner withdrew his motion.

Motion to approve the letter with the corrections by Mark Enander and second by Dave Hartley.
