Regular Business:

FY20 Nothing

Tour of Schools 3/13/21 still 8 people Northern, Central, Lonsdale and Saylesville is the order beginning at 9AM.

FY22 Education Budget:

Mike Babbitt read out loud the emails received to him from TJ Russo and John Picozzi regarding the blatant disregard for the process of how this should have been done. In addition, said that they admitted they should have included the Building committee with this decision. This only further makes us question why this was done this way. There were meetings held weekly yet no one was told this is the reason that we follow the charter and it is clear that the Town Council does not have sole responsibility on how the money for the Town is spent this is by the voters. There is a full recording of the letter being read on the zoom meeting. I will see if Mike will forward so that I can make it part of the minutes.

Town Administrators said that RGB did the design and it was paid by the 5-year plan funds. Is that what the funds are for?

School Budget Carl will ask for the key so that we don't have to keep going back and forth on the UCOA tabs.

Municipal Budget waiting on answers from the Finance Director and the Town Administrator to set a meeting.
