Public Comment: Nicole Fiero-Lincoln Taxpayer Limerock

Concern was regarding the gas leak at the High School what safety protocols are in place and where was the breakdown who is responsible shouldn't the cost come from Gilbane. 4 Gas stoves it was assumed to have auto shut offs when ordered and gas release valves. They did not!

This becomes a change order and was voted on by the building committee and it was approved but not unanimously. Nicole wanted the names but we referred her to the building committee meeting that she should have gone to. The ownership of the project is shared by the Contractor and the GC and the Owner project manager.
